What is Godly Play?

Children have an innate sense of the presence of God. The Godly Play approach helps them to explore their faith through story, to gain religious language and to enhance their spiritual experience through wonder and play. Based on Montessori principles and developed using a spiral curriculum, the Godly Play method serves children through early, middle and late childhood and beyond.

Cost: R 350 - includes tea/coffee and lunch.

Limited places available.

Choose from one of the following three options:

Workshop 1:

Deep Talk - Tuula Valkonen, Godly Play Finland

Deep Talk takes several Godly Play principles, some Godly Play stories and some other stories, and adapts these for a spiritual process suitable to secular and religious settings. The process helps groups consider their organisation or workplace vision, mission, issues or challenges. This has been used in Finland in secular and church contexts usually with existing adult teams such as a staff team.

The workshop will begin with the making of a circle; the showing of a story; and the wondering time. Then everyone changes places and a dialogue game is played when the group explores their work and life together. Finally, there is a celebration and chance to say farewell.

Workshop 2:

Wood-working - Stan Truby, Godly Play South Africa

- Safe workshop practices will be covered
- You will use a circular saw, scroll saw, bench top router, belt sander, and eccentric sander
